WORK EXPERIENCE

Lead Product Designer

Oct 2025 · Jun 2026 · 8m

Mobile Arts · Ad-Tech · B2B

Figma JIRA Claude Code

- Owned end-to-end redesign of flagship ad-tech platform, rebuilt information architecture, core workflows, and UI into a modern, scalable system.
- Defined and shipped a Figma-based design system that standardized components and accelerated design-to-dev delivery.
- Integrated Claude Code into the design workflow to prototype faster and reduce handoff friction with engineering.
- Drove alignment between design, product, and engineering via structured JIRA sprints.

Lead Product Designer

Oct 2024 · Apr 2025 · 6m

UNESCWA · NGO · Web Applications

Figma JIRA

- Designed internal web portals and workflow tools serving UN staff across the Western Asia region.
- Built ESCWA's first unified design system, reducing inconsistency across multiple digital products.
- Led accessibility reviews ensuring all interfaces met UN digital standards and WCAG guidelines.

Lead Product Designer

Sep 2023 · Aug 2024 · 11m

JobRivals · Startup · Recruitment Tech · AI

Figma JIRA

- Designed 0 to 1 product for an AI-powered hiring platform from discovery through high-fidelity prototype to dev handoff.
- Invented a pre-signup assessment flow that surfaced candidate quality before account creation.
- Delivered a fully responsive candidate and recruiter experience in an 11-month solo engagement.

Senior Product Designer

Jan 2022 · Aug 2023 · 1y 7m

Klevr · Fintech · B2C

Figma

JIRA

- Designed WeePay, a mobile-first payment app from wireframes through production-ready UI.
- Implemented user-centered design principles in healthcare digital products for improved accessibility.
- Maintained cross-platform visual consistency across mobile app and client materials.

Senior Product Designer

Jan 2021 · Dec 2021 · 11m

Interform · Startup · Incubator

Figma

JIRA

- Shipped UX/UI designs across concurrent startup products within the incubator portfolio.
- Applied rapid prototyping and mobile-first principles to compress concept-to-handoff timelines.
- Built per-product design systems enabling consistent, fast iteration.

Lead Product Designer and Animator

Jan 2020 · Jan 2021 · 1y

UN World Food Programme · NGO · Mobile

Figma

Adobe Creative Suite

- Led UX/UI design for Dalili, a mobile app delivering food assistance access to vulnerable communities in Lebanon.
- Prioritized accessibility and low-literacy UX patterns for users with limited digital experience.
- Produced motion graphic campaigns distributed across WFP's regional digital channels.

Lead Digital Designer and Animator

Feb 2018 · Nov 2019 · 1y 9m

UNHCR · NGO · Humanitarian Aid

Adobe Creative Suite

Figma

- Designed and animated digital content for awareness, fundraising, and advocacy campaigns.
- Delivered multilingual assets for campaigns reaching global and regional audiences.

Product Designer and Animator

Aug 2014 · Dec 2017 · 3y 4m

Adobe Creative Suite

Figma

- Designed UX/UI for an online education platform, improving learner navigation and content discoverability.
- Produced animated explainer and educational videos for a diverse learner base.

Graphic Designer

Jan 2014 · Apr 2014 · 3m

UN ESCWA · NGO

Adobe Creative Suite

- Created digital and print materials for UN internal and public communications.
- Produced motion graphic animations for events and informational content.
